## ANTI-BULLYING POLICY

---

Cultivating better individuals for a better society

JANUARY 15, 2022  
THE APPLE INTERNATIONAL SCHOOL

## THE APPLE INTERNATIONAL SCHOOL, DUBAI

### *Rationale*

---

Apple International School believes in educating the whole child. We envision developing a healthy school culture where pupils respect others and treat them with compassion and tolerance.

This anti-bullying policy intends to support the school's objectives to provide a safe learning environment for all members of the AIS community, allowing development and growth, while promoting the high standards of the school in both behavior and education. Apple International School believes that every student has the right to an educational environment that is free of harassment, bullying, and intimidation. The policy applies to the entire school, from FS to Grade 12.

The Policy is based on the principle of encouraging positive behavior, resilience and promoting mindfulness among our pupils. We want our students to nourish and nurture the core values of our school which are:

- Resilience
- Excellence
- Empathy
- Independence
- Global mindedness

We intend to help our children grow not only as successful individuals but also as compassionate human beings who employ the benefit mindset as a way of living. For this, we consider our parent community as equal partners in achieving this goal.

### *Aim*

---

- All teaching and non-teaching staff should know what the school policy is on bullying and follow it when bullying is reported.

## THE APPLE INTERNATIONAL SCHOOL, DUBAI

- All students and parents should know what the school policy is on bullying, and what they should do if bullying arises.
- As a school, we take bullying seriously. Students and parents should be assured that they will be supported when bullying is reported.
- AIS has a “zero tolerance” for Bullying.
- Confidentiality will be maintained where possible.

### *What is considered ‘Bullying’ at AIS?*

Bullying is “the intentional hurting of one person by another, where the relationship involves an imbalance of power. It is usually repetitive or persistent, although some one-off attacks can have a continuing harmful effect on the victim.”

#### **Bullying can be:**

- Emotional – being unfriendly, excluding, tormenting
- Physical – pushing, kicking, hitting, punching, or any use of violence
- Verbal – name-calling, sarcasm, spreading rumors, teasing
- Racist – taunts, graffiti, gestures
- Gender – unwanted physical contact or abusive comments based on gender
- Cyber – all areas of the internet such as email misuse, mobile threats by text/calls, misuse of associated technology such as cameras.

Bullying of any kind is unacceptable. If bullying does occur, Students should report the incident to a member of staff who will deal with it promptly and effectively.

### ***Strategies to prevent Bullying***

- To identify bullying behavior at the early stages and work towards behavior modification before the problem becomes more serious.
- To have a school-wide program regarding anti-bullying, that informs and educates students, staff, and parents about the issues related to bullying.
- To foster the values in which AIS believes
- To include within the curriculum, opportunities to discuss and consider bullying and other forms of anti-social behavior.
- To help students through advice and counseling, to make the right choices and not succumb to peer pressure and to engage a range of strategies that challenge bullying behavior
- To listen to all parties involved in incidents and always take allegations from victims seriously.
- To reassure students that the school will do all in its power to protect and support all parties involved while the issues are being resolved.

### ***Reporting Bullying Behavior***

### *The role of parents and families:*

- Parents should always set a positive example for all pupils.
